

# The Member's Club at Four Streams

## Part-Time Job opportunities

### **Outside staff positions**

The "outside staff" position has duties such as meet/greet the member, transport sets of golf clubs, wash golf cars, clean and store sets of golf clubs, set-up and breakdown of the driving range, care of the practice facility, collection of driving range balls, and minor golf car maintenance (such as changing a flat tire).

### **The benefits include :**

uniform shirt and hat, golf on Monday afternoons, a friendly and fun work environment, rewards program for good performers, and of course competitive pay.

**The ideal candidate** is friendly, outgoing, dedicated, and hard-working. Having at least a basic understanding of the game is a help but not a necessity. This is a great opportunity for a student looking for his first work experience or someone that enjoys working outdoors. I am looking for someone that is available some weekdays as well as at least one weekend day. I am very willing to work around activities schedules throughout the school year as I know how important it is to be a well rounded student.

**If interested,** contact me by email: [mikethomas@fourstreams.com](mailto:mikethomas@fourstreams.com) or call me at (301) 349-2900 between 9 am and 5 pm Wednesday-Sunday. If you would like more information about the facility you can visit [www.fourstreams.com](http://www.fourstreams.com).

**Michael Thomas**  
**Assistant Golf Professional**
